REAL MEN WEAR PINK

Breast cancer doesn't just affect women. Thousands of men are diagnosed with the disease in the US every year and so are more than 240,000 of their daughters, wives, mothers, sisters and friends. That's why we're recruiting men to fight breast cancer through Real Men Wear Pink. This distinguished group of community leaders raises awareness and money to support the American Cancer Society's breast cancer initiatives- and to help us save more lives than ever before.
