

Honor

Honor your guests with a donation to the American Cancer Society and let them know you care about finding a cure. We offer meaningful favors that support our lifesaving research, education, prevention and patient service programs.

Your favor will reflect the message you choose, whether you want to honor a person close to you, or just want your guests to know you are making a difference in the fight against cancer.

“I am so pleased that there is such a meaningful way to include my family members who have had cancer and remember them on my special day.”

The American Cancer Society is the nationwide, community-based voluntary health organization dedicated to eliminating cancer as a major health problem by preventing cancer, saving lives, and diminishing suffering from cancer, through research, education, advocacy, and service.

The American Cancer Society can be reached day or night for cancer information, emotional support or local resources. Contact us anytime: **1.800.ACS.2345** www.cancer.org
