

I'm Sandy. My family has had too much cancer. I want my voice heard.

First, I lost my grandfather to cancer. Then my father died of brain cancer. He didn't get to see my first son grow up or even meet my second son. I've been a team captain, a co-chair, and a chair for our Relay For Life. Now I fight back against cancer by being an advocate. I tell my elected officials that we need to fund cancer research, protect people from tobacco, and make sure everyone can get cancer screenings and good health care. Nothing beats talking to my legislator and seeing "the light go on." We're making progress against cancer, one law at a time.

We **save lives** and create more birthdays by helping you stay well, helping you get well, by finding cures, and by fighting back.
